SEEKING for the 2023 **PHOTOS** Wilton Historical Calendar

The Wilton Historic Preservation Board Members are seeking fresh, never seen before photos for the 2023 Wilton Historical Calendar. If you would like a chance for your photo to be spotlighted in the Wilton Calendar follow the directions below and submit before September 1, 2022.

SUBMITTING YOUR PHOTOS

Submit photos to **WiltonHistoricalCalendar@gmail.com** in jpeg format. (If you are unable to submit photos via email, contact Wendy at (518) 932-5047 or above email for other options.

Submit full resolution, unedited original photographs to allow the most flexibility in fitting the photos to the calendar format. Leave the resizing, editing, cropping and color corrections to the calendar producer.

*** Each submitted photo must be accompanied by a descriptive caption (250 characters or less) and the first and last name of the photographer or person submitting the photo.

A caption typically includes descriptive information about the photo: the location, the setting, the event, or any other information that might be interesting. The photo must be significant to Wilton, NY. Submitted captions for photos selected for the calendar may be edited for length, format and consistency with other captions in the calendar.

Photos which will not result in a sharp, clear, high resolution image in the printed calendar will not be accepted.

Determination of the order in which the selected photos appear in each month of the final calendar will be made by the calendar committee.

The calendar cover will be a collage displaying many of the photos submitted.
